

Following these mounting instructions with the hardware included will be more than sufficient to support wall mounted installation.

Included Installation Hardware

x2 screw

x2 wall anchor

x1 allen wrench

Tools You May Need

Screwdriver

Level

Drill

Tape Measure

1. Disassemble

Put the included allen wrench into the two screws on the bottom of the body and turn clockwise to disassemble the base from the mounting piece.

2. Remove Bracket

Pull mounting bracket from towel ring.

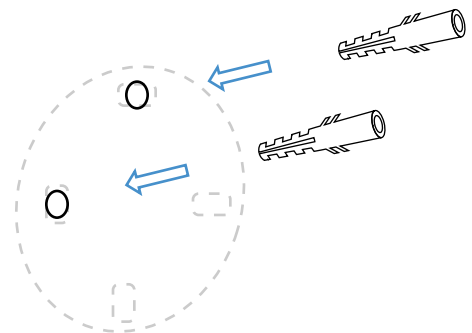

3. Drill Anchor Holes

Identify installation location. Mark mounting bracket on wall and drill holes the size of the anchors.

4. Install Anchors

Tap anchors into predrilled holes.

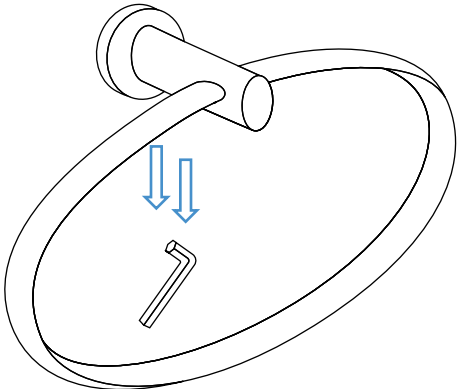

5. Mount Bracket

Mount bracket with screws.

6. Mount Towel Ring

Install towel ring over mounting bracket.

7. Tighten Screws

Tighten two (2) screws with allen wrench included by turning counterclockwise.
